Recycling at Secret Garden

We care about the environment and therefore we do not use plastic water bottles and non-recycled take-away boxes and bags. Also the use of plastic straws has been reduced as much as possible to do our part of keeping the ocean clean. And the use of disposable napkins has been limited: we use 100% cotton napkins in our restaurant.

Extended 'Happy Hours' on Friday!

Every Friday is "Happy Friday" at Secret Garden with extended happy hours from 5.30pm-7.30pm.

The kitchen team serves a complimentary 'canape-style' snack as an example of what the Thai and European menu in the restaurant has to offer.

Both locals and visitors on Samui "meet & greet" every Friday at the cosy bar of Secret Garden!
